Dear Erzhan
Thanks for arranging and keeping an eye on my visit to Kazakhstan and the meeting with the President.
I've enjoyed our brief meeting before entering the main one and found your thoughts re Ukraine much insightful.
I'm trying to follow on our meeting with the President on separate contacts with Mr. Issikeshev team and with Mr. Zhaksibekov.
I will keep updating you on the steps being taken.
We still need a point of contact for Medical care challenges as well as for the Agriculture.
Pl see if you can be helpful on these issues.
Beyond this, the President noted he would like to see me joining the Advisory Board which includes Blair and Prodi among others.
I'll appreciate if you'll take the technical steps needed to make it happen and let me know when that's completed.
Thank you again. Waiting for your response.
Best
Ehud Barak
